

## OTHER NAME BRAND INSTRUMENTS

Besides the standard selling line you see pictured in the catalog, Lloyds offers substantial discounts on most other makes or models of hearing instruments currently manufactured. This service is especially useful to customers wishing to duplicate their current hearing aid or have had a particular model recommended to them by a hearing professional. The procedure is as follows:

**ASK FOR QUOTE** - Write or call us for a quote on the specific make and model you're interested in. Be sure you let us know the options you want in the hearing aid.

**FULL PAYMENT IN ADVANCE** - Since the instrument will be obtained specifically for you, we need your full payment (including shipping) prepaid before we can proceed to order the instrument for you.

**45 DAY TRIAL** - The instrument will be sent to you on a 45-day trial basis.

**RETURNS AND REFUNDS** - The prepayment is refundable with the exception of a \$50 restocking fee. The instrument must be returned with original papers and packaging (presentation case, instruction booklet, etc.), or there will be a charge. Physically damaged aids cannot be accepted for full credit.

## DRY & STORE

This is a must for anyone having moisture or perspiration problems with their hearing aids - also for people who have itchy ears after wearing their aids. Simply place your instruments in this box overnight, turn it on, and your aids are fresh and ready to go every morning.

The Dry & Store Box is a high tech device that blows 95° heated air over your instruments. It has a desiccant (a moisture absorbing bar) within the box. When you start the machine an ultraviolet light comes on which kills any germs, bacteria, or fungus that may be present on your aids.

Your investment in this device will more than pay for itself as it keeps your hearing aids germ-free, out of the repair shop and extends the longevity of your hearing aid investment. Keep your ears healthy.
